

## **Meet the new South Hadley Family Center Coordinator, Amy Beaulieu!**

The South Hadley Family Center is delighted to announce that Amy Beaulieu will be our new Coordinator. Amy is ECC teacher certified for infant/toddler, toddler, and preschool. Most recently she has been running parent-child playgroups in Ludlow and Wilbraham for the Community Partnerships for Children.

Additionally, she has been a SHFC parent for the past two years and served as treasurer and fund-raising chair on the Parent Advisory Council this past year.

Amy is also a proud parent who understands the importance of places like the SHFC. “As a mother of two young children I know there is something important about being involved in a group setting. Playgroups are where children can improve their social skills and parents can relate to other adults and feel a sense of community and support.”

The picture below was taken when Amy and her family participated in our Fall Foliage Walk & Nature Treasure Hunt last year.

The Parent Advisory Council is excited to work with Amy when the Center opens again in September. We know you will also enjoy the energy, enthusiasm and experience she will bring to the SHFC!
